Due to provisions of the Family Educational Rights and Privacy Act (FERPA), students wishing to have biographical information, information about their current program of study, and photographs of themselves included in printed programs, brochures, web-sites, and publicity releases pertaining to productions and programs in the College of Fine and Applied Arts must explicitly authorize the appropriate resident producer (either the Theatre Department, Dance Department, School of Music, or Krannert Center for the Performing Arts) to release such information to the public, whether or not the student has elected to “list” or “unlist” directory information through the University Registrar. Unless rescinded by the student, your authorization to do so will remain in effect throughout the duration that you remain a student at the University.
